G H Raison Institute of Engineering and Technology, Pune

Bachelor of Technology in Computer Engineering (CGPA of 6.16)

Aug 2019 – July 2023

Pune, Maharashtra, India

Sadashivrao Mane Vidyalaya, Akluj

Higher Secondary Certificate (60.72 percent)

Jun 2018 – Feb 2019

Akluj, Maharashtra, India

Shivparvati English Medium Shcool, Narshinhpur

Secondary School Certificate (80 percent)

Jun 2016 – Jun 2017

Narshinhpur, Maharashtra, India

Technical Skills

Languages: Java, Python, SQL, HTML, CSS, JavaScript

Technologies/Frameworks/Libraries: Spring and Spring Boot, Bootstrap, JDBC, Git and GitHub, Command Line, Bash Scripting

Professional Experience

BitMap Technology [Certificate Link]

Python Developer Intern

Dec 2022 – May 2023

Akurdi, Pune, Mahrastra

- Collaborated with cross-functional teams to design and implement features and develop efficient and scalable solutions.
- Contributed to software development projects using Python framework, actively participating in code reviews and optimizations.

Projects

Employee Management System | *Java, Spring Boot, MySQL, Thymleaf*

Dec 2023

- Engineered a Full Stack Employee Management System with Spring Boot and MySQL.
- Designed and implemented a robust back end for seamless employee record management
- Leveraged Spring Boot for efficient API development and backend functionality.

Drummy | *HTML, CSS, JavaScript*

Jan 2024

- Devised a web application enabling users to play musical instruments using keyboard inputs and DOM manipulation.
- Demonstrated proficiency in JavaScript, HTML, and CSS for interactive front-end development.

Dice Decider | *HTML, CSS, JavaScript*

Jan 2024

- Created a JavaScript-based web app for simulating dice rolls and declaring winner based on the same, enhancing user engagement through interactive features.
- Implemented front-end functionalities, ensuring smooth user experience across various browsers and devices.

Certifications/Training

- Junior Java Full Stack Developer Program (Trainee) (Generation India)
- Learn Java Programming - Beginner to Master (Udemy)
- The Complete 2024 Web Development Bootcamp (Udemy)
- Learn Java Course (CodeCademy)
- Learn HTML Course (CodeCademy)
- Learn CSS Course (CodeCademy)
- Learn JavaScript Course (CodeCademy)
